GENERAL CIRCULAR 5/2009

The Environment Panel proposed changes to the Environmental Checklist and subsequently developed two separate checklists, i.e one for ALL Categories and one for Rallies and Off-Road events.

Due to a printing omission, the new Environmental Checklist for all Categories was not included in the 2009 GCR Handbook and the old Checklist remained. The Environmental Checklist for Rallies and Off-Road events in the GCR Handbook is however correct.

Both the correct Environmental Checklists for 2009 are posted on the MSA website under "Forms" and under "Environment Panel".

With immediate effect, clubs, organizers and promoters must use the correct forms.
