## **GENERAL CIRCULAR 8/2009**

Following a decision of the MSA Board in 2008, and reconfirmed by the MEC in March 2009, all references to averages in the 2009 regulations are to be changed to read 'a minimum'.

These changes will affect all categories for 2009 going forward.

In other words, events which attract less than the minimum number of starters will not be scored into the championship. As the end of the year the championship will be scored on the rounds that qualified, and not on the average number of competitors who competed at events.

All parties are reminded of the minimum requirements for regional championships as well in as far as the number of scoring rounds are concerned.

Thank you,
