

Chaos in Junior Rok

Mitchell Licen bumped down from 2nd to 12. But all is not doom and gloom and Licen is more than competent and able to work his way through the field. I do not need to tell you the nationality of the person who bumped Licen.

Adrian Wood in the same heat as Licen managed to avoid the pandemonium and found himself in 4th place. At this stage Adrian has the best grid position for the final.

None of our drivers were involved in the above accident, but I thought you might like to know what sort of conditions we are dealing with.

Sam Tingle kept the flag flying high finishing in 6th place and set the fastest time of his heat. Sean Frost was two place behind him in 8th. While Jason Georgiou and Olivier Calkoen crossed the line in 11th and 12th. Charl Smalberger was 15th.
